Schedule of Charges

Branch and Premier Banking

(Retail Liabilities)

Pre-encashment Fees/Calculation

Term Deposit

Any premature encashment of a term deposit shall be subject to the following:

1. Payment of profit as per the Applicable Rate.
2. Premature encashment cost/charge shall be determined as follows:

Applicable Rate of Profit:

The Applicable Rate of Profit to be paid to the depositor in case of premature encashment shall be calculated on the basis given as below. The Applicable Rate shall be the rate of profit prevailing at the date of accepting the said deposit or at the date of premature encashment, whichever is lower, and this Applicable Rate will be used for calculating profit for the period completed, till the date preceding the date of such early termination. The profit on the deposit will be accrued and paid up to the day preceding the date of such early termination.

Premature Encashment Cost/Charge shall be determined as follows:

A) For local currency Term Deposit:

- For Term Deposit having a tenure equal to or less than one year:

KIBOR* - On the date of early termination, the charge of early termination will be calculated based on relevant KIBOR less Applicable Deposit Rate booked at the inception of Term Deposit. Relevant KIBOR will be the interpolated KIBOR for remaining terms of deposit. There will be no cost charged in case KIBOR (interpolated rate) for remaining tenor is less than the Applicable Deposit Rate.

- For Term Deposits having a tenure greater than one year:

PKRV** plus 2% per annum, on the date of early termination minus the Applicable Rate. The applicable PKRV** plus 2% will be that of the remaining tenor (nearest quoted tenor) on the date of such early termination. There will be no cost charged in case PKRV (interpolated rate) for remaining tenor is less than the Applicable Deposit Rate.

***The cost/charge for early termination will be recovered from the principal amount of the deposit or accrued profit thereon**

For deposits of 1-year and greater maturity: Any cost arising on account of incremental statutory reserve requirement due to pre-encashment of deposits will be added in Pre-encashment charges. Relevant KIBOR benchmark will be used to calculate the said cost.

B) For foreign currency Term Deposit:

Replacement cost will be calculated as the higher of two below-mentioned methods:

The difference b/w the rate of pre-encashed deposit and existing LIBOR*** of the relevant tenor.

The difference b/w the rate of pre-encashed deposit and existing Implied Swap Cost of the relevant tenor (available on Reuters' SBP page SBPK02 and SBPK03).

*KIBOR Page on Reuters

**PKRV Page on Reuters

***LIBOR Page on Reuters

Note:

1. Customers are eligible for Charge/Fee exemption.
2. The following accounts will be exempted from the minimum relationship balance charges:
 - a) Students
 - b) Mustahiqeen of Zakat
 - c) Employees of Government/Semi Govt. Institutions drawing for Salary/Pension purposes. (This includes widows/children of deceased employees eligible for family pension/benevolent grant)
 - d) Basic Banking Account holder
3. In case of insufficient funds in the Customer Account, the applicable charges will be deducted from other account(s) of that customer.
4. Bank will provide 6 monthly statements free of charge for regular accounts. Any additional request for statement issuance shall be subject to charges, as given on page 4.
